Meeting Notes

Date: 2022-03-17 13:00 - 14:00

Participants: Julius, Emilis, Deividas

Done by: Julius

Topics:

1. Code review
2. New sprint planning

We have discussed progress. Also, we merged all our progress into dev branch. After this, we planned our first 2 week sprint. Main point is build screen. We will be sketching and thinking it through and only after that will start building it. Team also decided to start learning react to start building backend. Overall, meeting was really successful with planned meeting to sketch the build screen on Friday.
